

TODAH RABAH FROM SOUTH FLORIDA, REP. PATRICK MURPHY

Thank you for leading the way
to prevent a nuclear armed Iran.

While there are no perfect options, as you said:
“On balance, I cannot let possibilities a decade or
more in the future, however troubling, outweigh the
immediate benefits of this agreement. Under the
current sanctions Iran’s breakout time to obtaining a
nuclear weapon is just three months; this agreement
expands that to a full year and reduces Iran’s
stockpiles of low-enriched uranium by 98%.”

We couldn’t agree more.

Kol Hakavod!
